

Bats and Stars

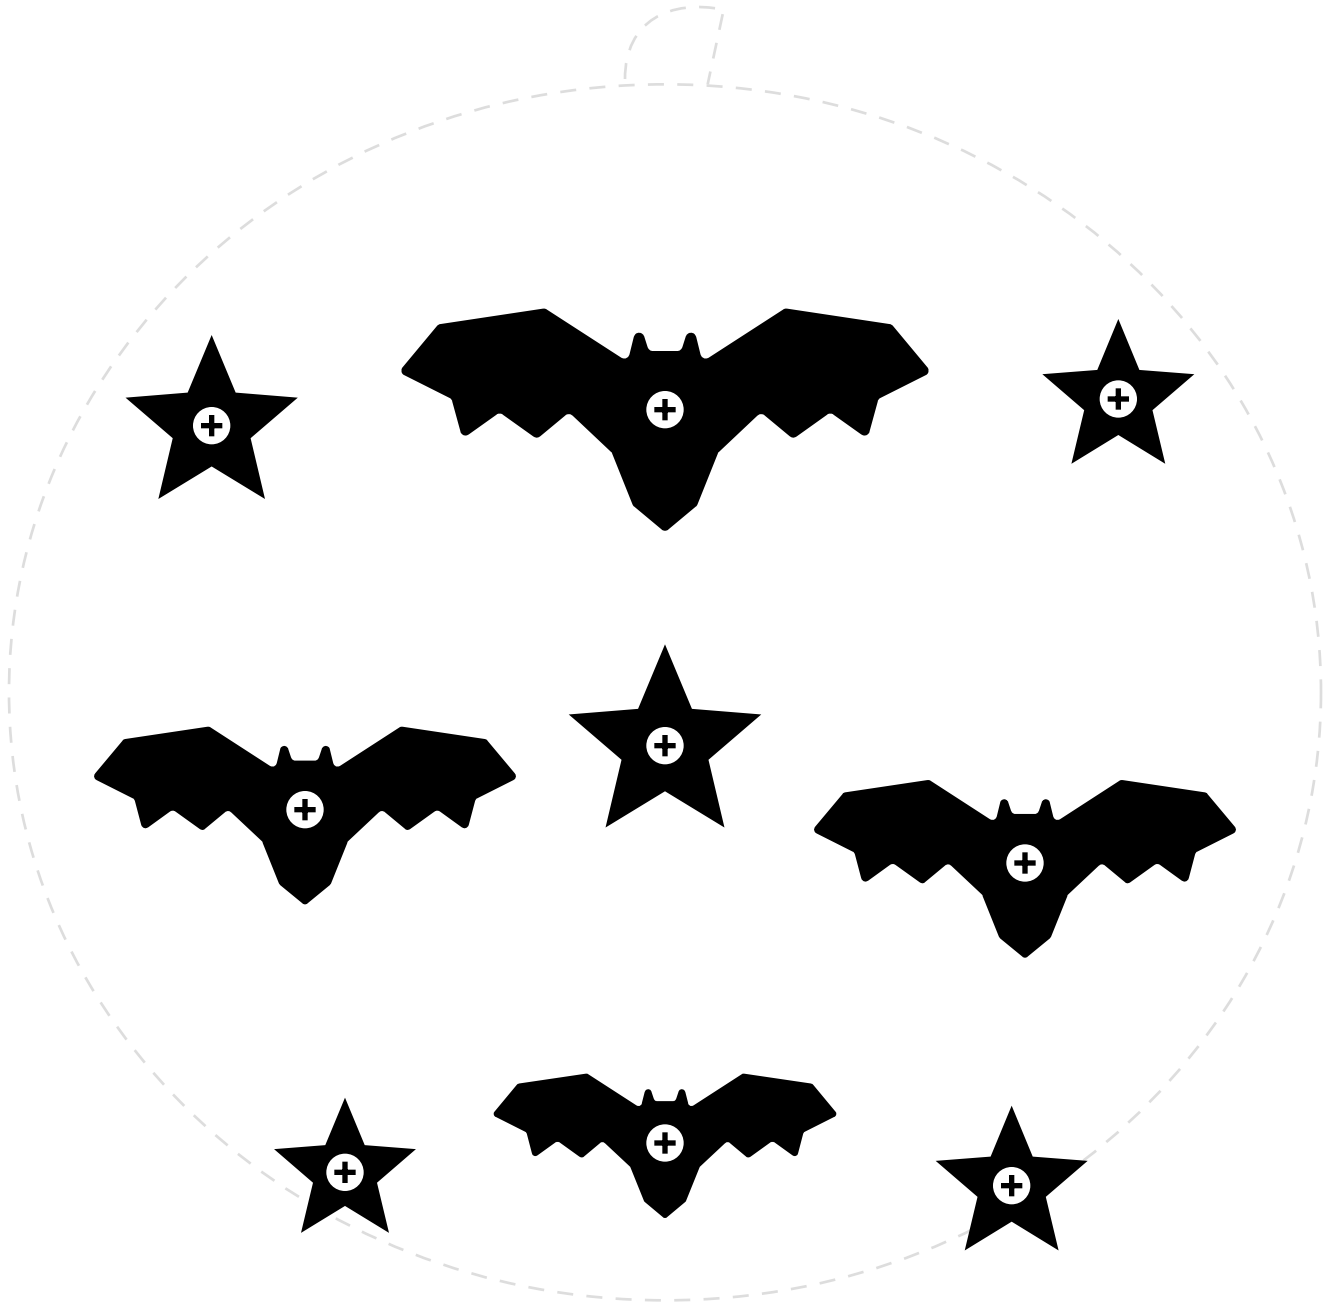

CLASSIC

EASY

Print at Actual size (100%)

Shapes only, no knife. Set a cutter on each + mark and tap it through with the mallet.

To transfer: tape the page on, poke along the lines with a pushpin or toothpick, remove it, connect the dots.

YOU'LL NEED

Metal cookie cutters + rubber mallet (or hammer)

Paint it instead: Black acrylic bats with a glow-in-the-dark star topcoat

■ cut (glows bright)

■ shave (soft glow)

2 inches. Measure this after printing; if it isn't 2", reprint at 100%.

Bats and Stars

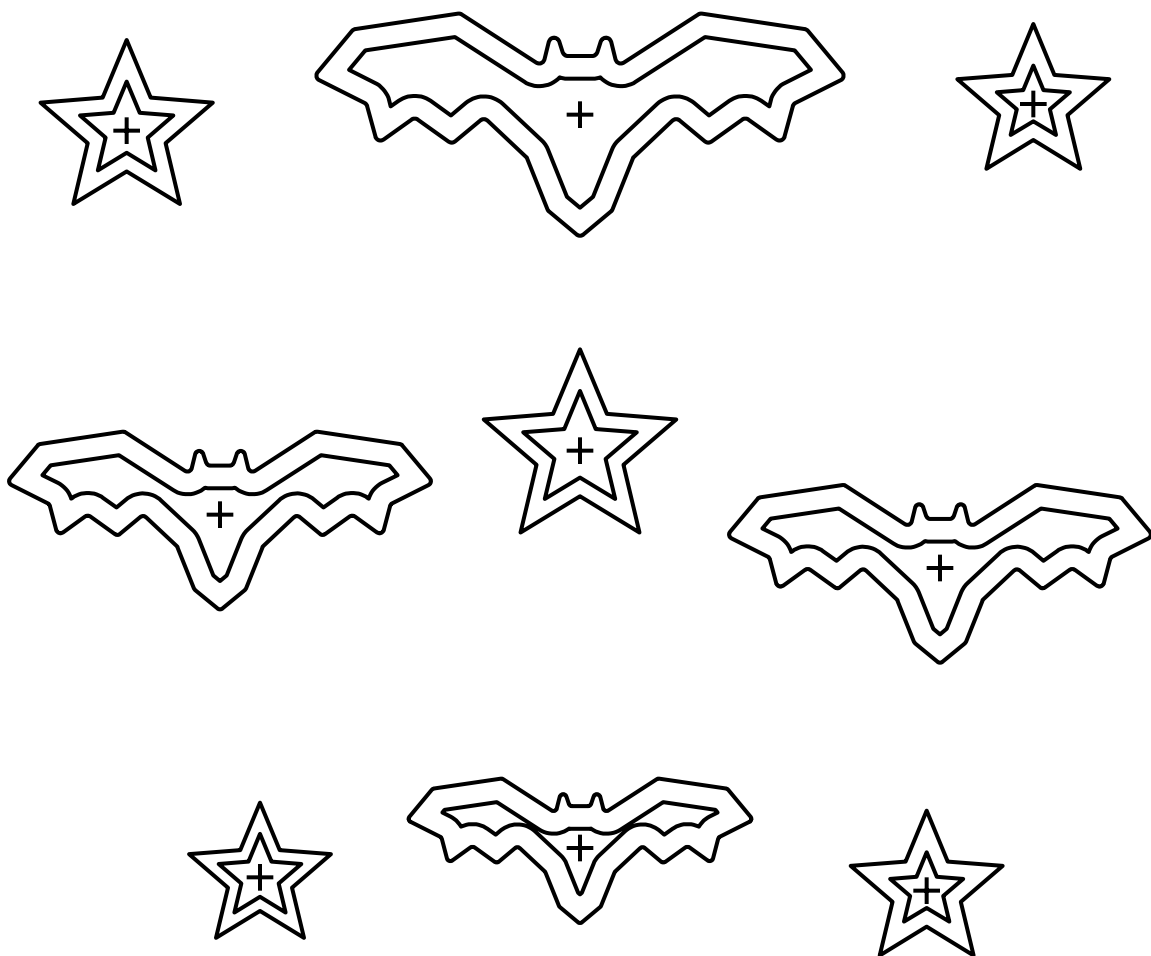

CLASSIC

EASY

Print at Actual size (100%)

Tracing page (ink-light). Cut the paper along the outer line, tape it on, then trace the double outline.

To transfer: tape the page on, poke along the lines with a pushpin or toothpick, remove it, connect the dots.

The knife goes in the band between the lines.

Grown-ups do the cutting.

Solid double line = cut through. Dashed double line = shave only.

2 inches. Measure this after printing; if it isn't 2", reprint at 100%.
