

Black Cat Moon

CLASSIC

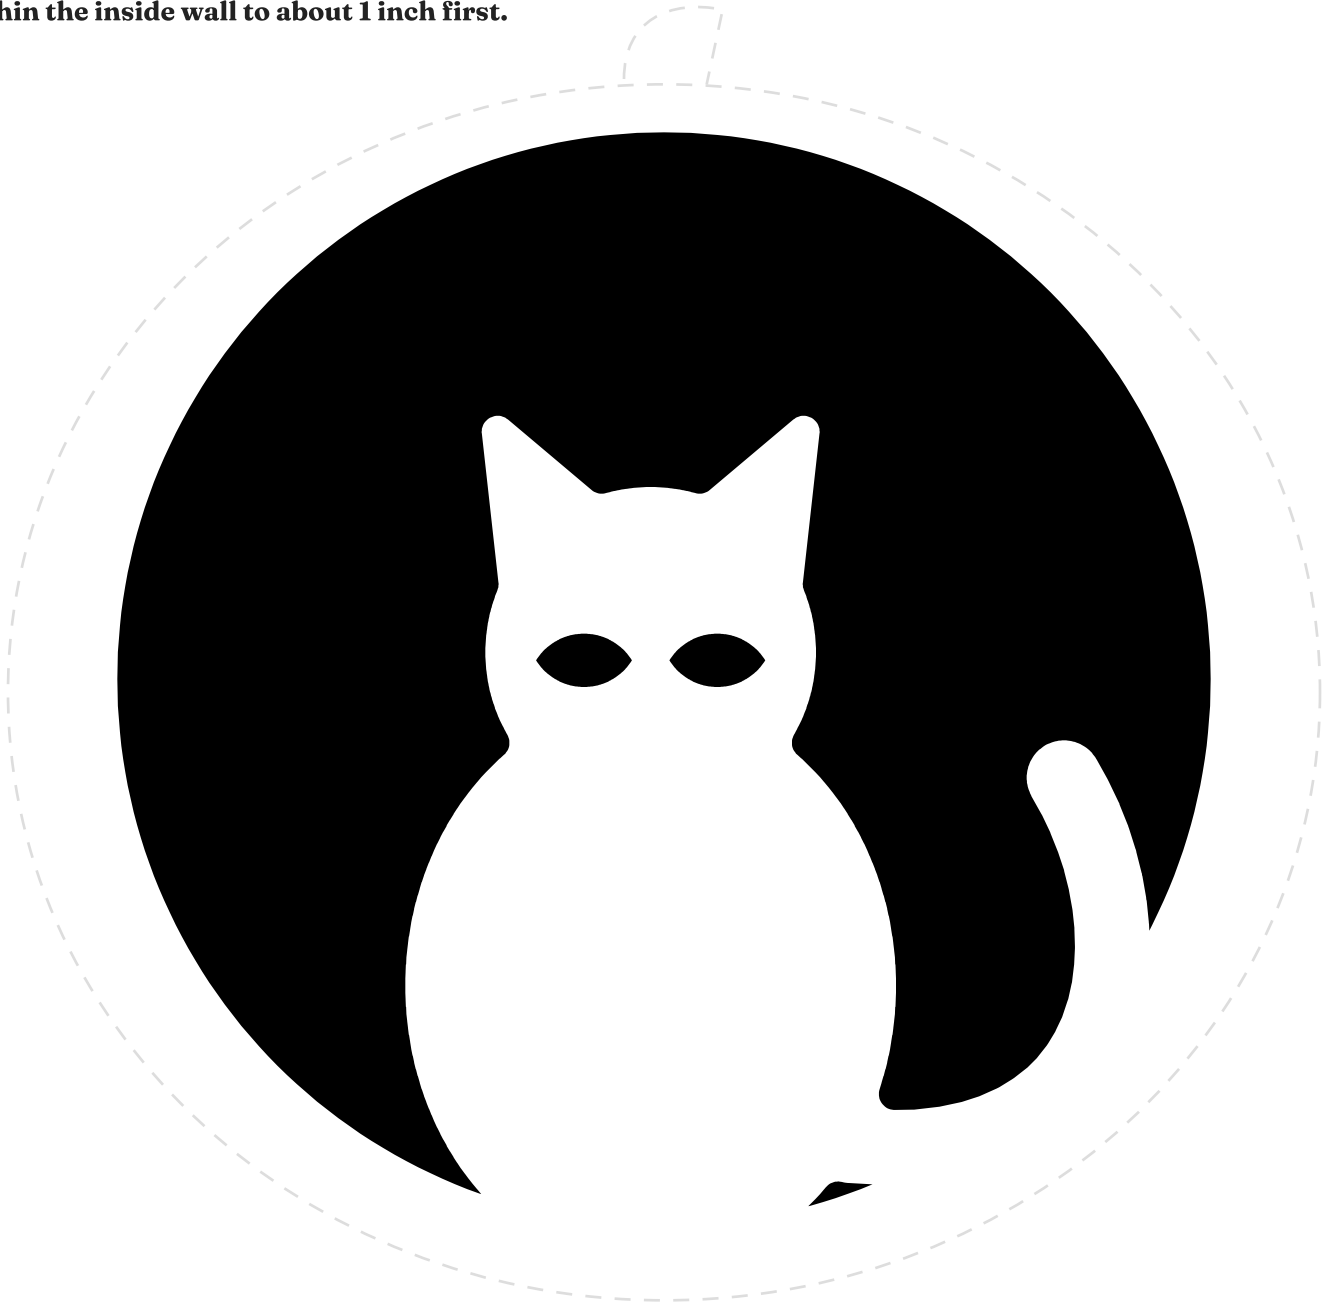

MEDIUM

Print at Actual size (100%)

The cat stays dark; the moon glows. Cut the black moon around it, plus the two eye slits.

To transfer: tape the page on, poke along the lines with a pushpin or toothpick, remove it, connect the dots.

Thin the inside wall to about 1 inch first.

YOU'LL NEED

Small serrated or paring knife + pushpin

Paint it instead: Matte black cat on a cream moon, navy pumpkin, gold eyes

cut (glows bright)

shave (soft glow)

2 inches. Measure this after printing; if it isn't 2", reprint at 100%.

Grown-ups do the cutting.

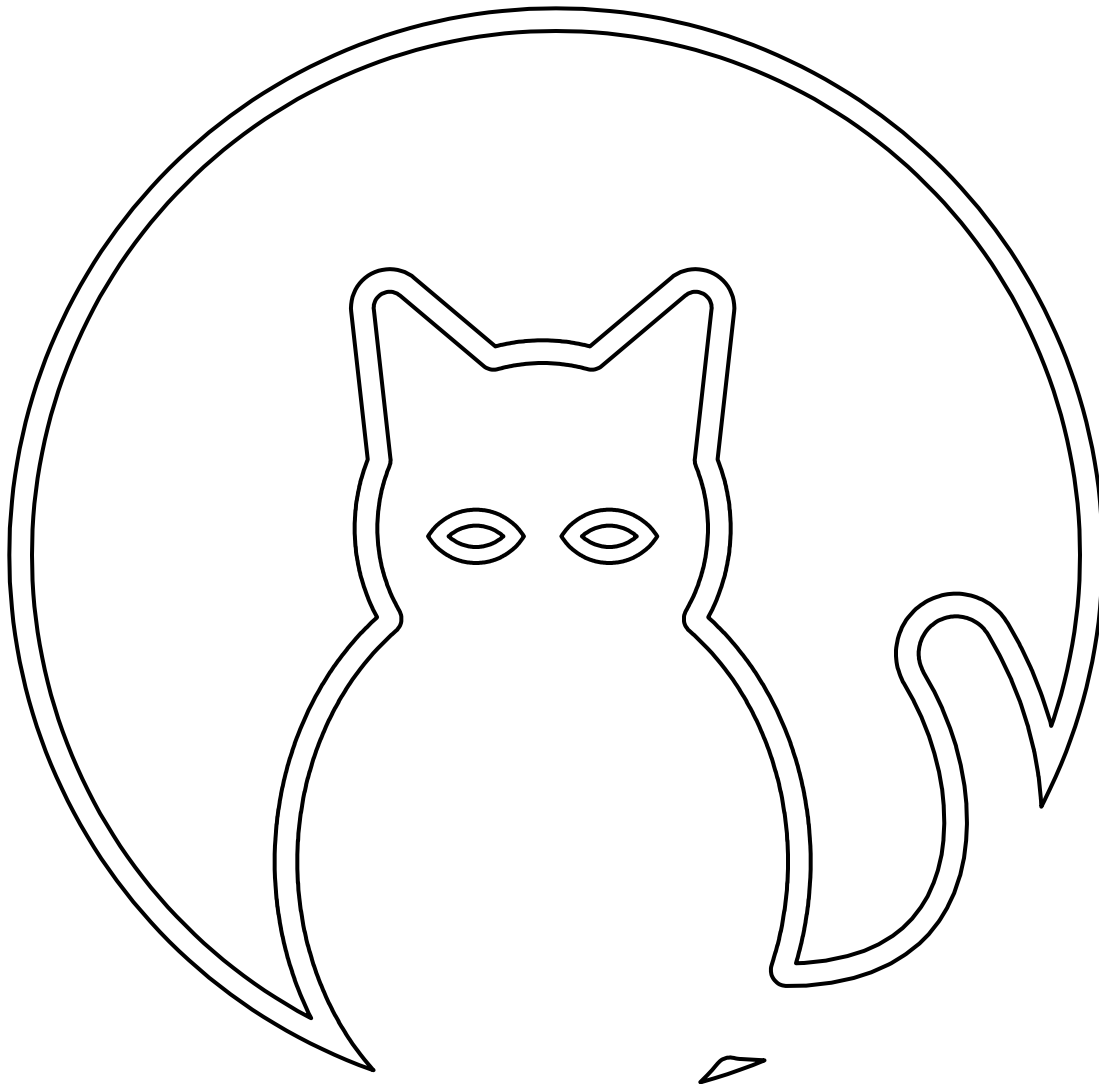

Black Cat Moon

CLASSIC

MEDIUM

Print at Actual size (100%)

Tracing page (ink-light). Cut the paper along the outer line, tape it on, then trace the double outline.
To transfer: tape the page on, poke along the lines with a pushpin or toothpick, remove it, connect the dots.

The knife goes in the band between the lines.

Grown-ups do the cutting.

Solid double line = cut through. Dashed double line = shave only.

Before cutting, scrape the inside wall thin, to about 1 inch.

2 inches. Measure this after printing; if it isn't 2", reprint at 100%.
