

Crescent Moon Etch

ELEGANT

EASY

Print at Actual size (100%)

Thin the wall behind the grey moon. Score its outline, then shave the skin off in bits. Don't cut through. To transfer: tape the page on, poke along the lines with a pushpin or toothpick, remove it, connect the dots.

YOU'LL NEED

Paring knife

Paint it instead: Metallic gold moon on a navy-painted pumpkin • Silver moon and white stars on black

cut (glows bright)

shave (soft glow)

2 inches. Measure this after printing; if it isn't 2", reprint at 100%.

Grown-ups do the cutting.

Crescent Moon Etch

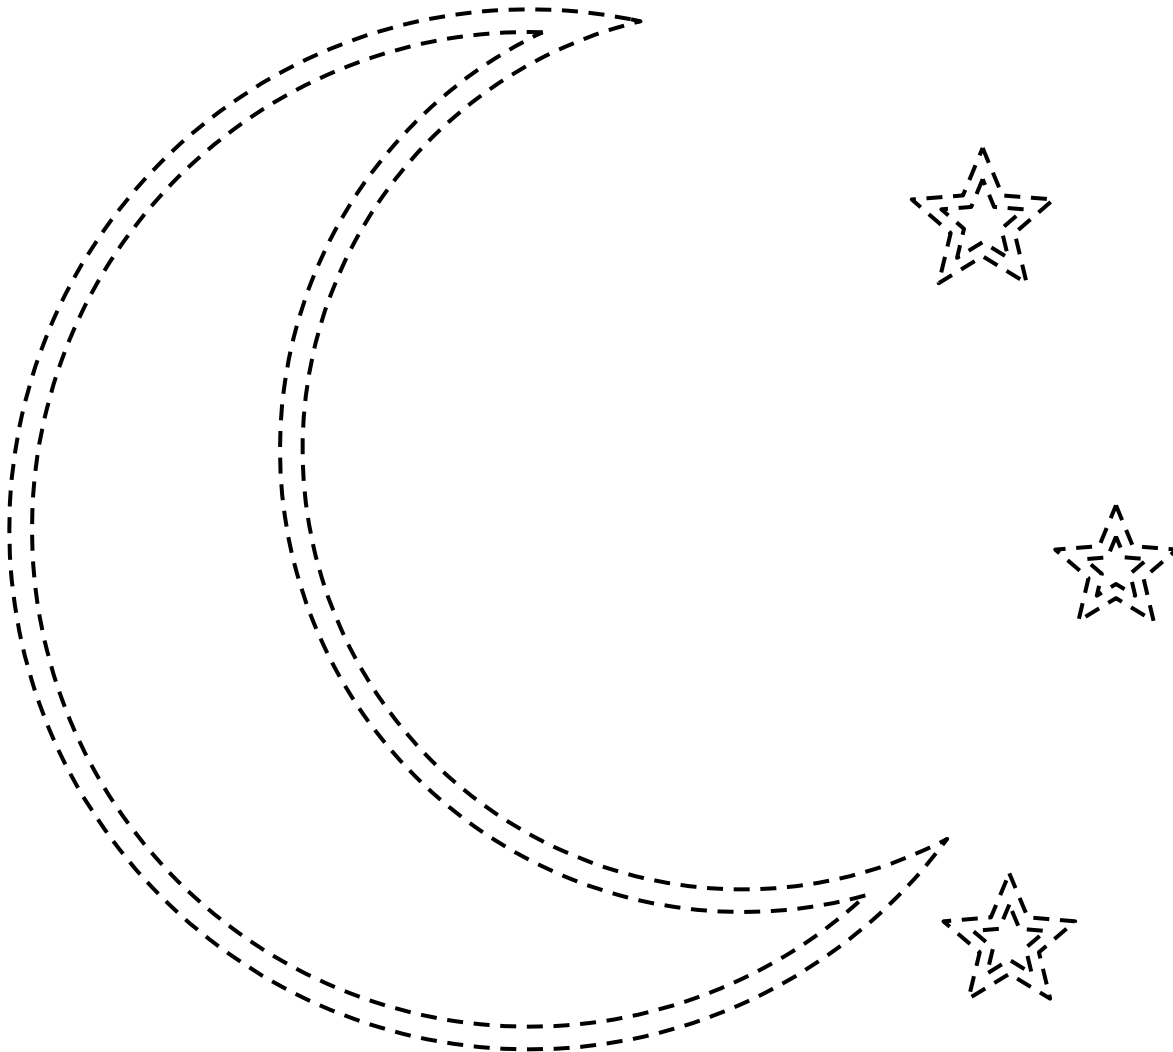

ELEGANT

EASY

Print at Actual size (100%)

Tracing page (ink-light). Cut the paper along the outer line, tape it on, then trace the double outline.

To transfer: tape the page on, poke along the lines with a pushpin or toothpick, remove it, connect the dots.

The knife goes in the band between the lines.

Grown-ups do the cutting.

Solid double line = cut through. Dashed double line = shave only.

Thin the inside wall behind the shaved area first. Always cut away from yourself.

2 inches. Measure this after printing; if it isn't 2", reprint at 100%.
