

Polka-Dot Lantern

ELEGANT

EASY

Print at Actual size (100%)

Each black dot is one hole. Tape the page on, then twist the corer in firmly. A grown-up does the twisting. To transfer: tape the page on, poke along the lines with a pushpin or toothpick, remove it, connect the dots.

YOU'LL NEED

Apple corer

Paint it instead: White dots stamped with a bottle cap or round sponge on orange

cut (glows bright)

shave (soft glow)

2 inches. Measure this after printing; if it isn't 2", reprint at 100%.

Grown-ups do the cutting.

Polka-Dot Lantern

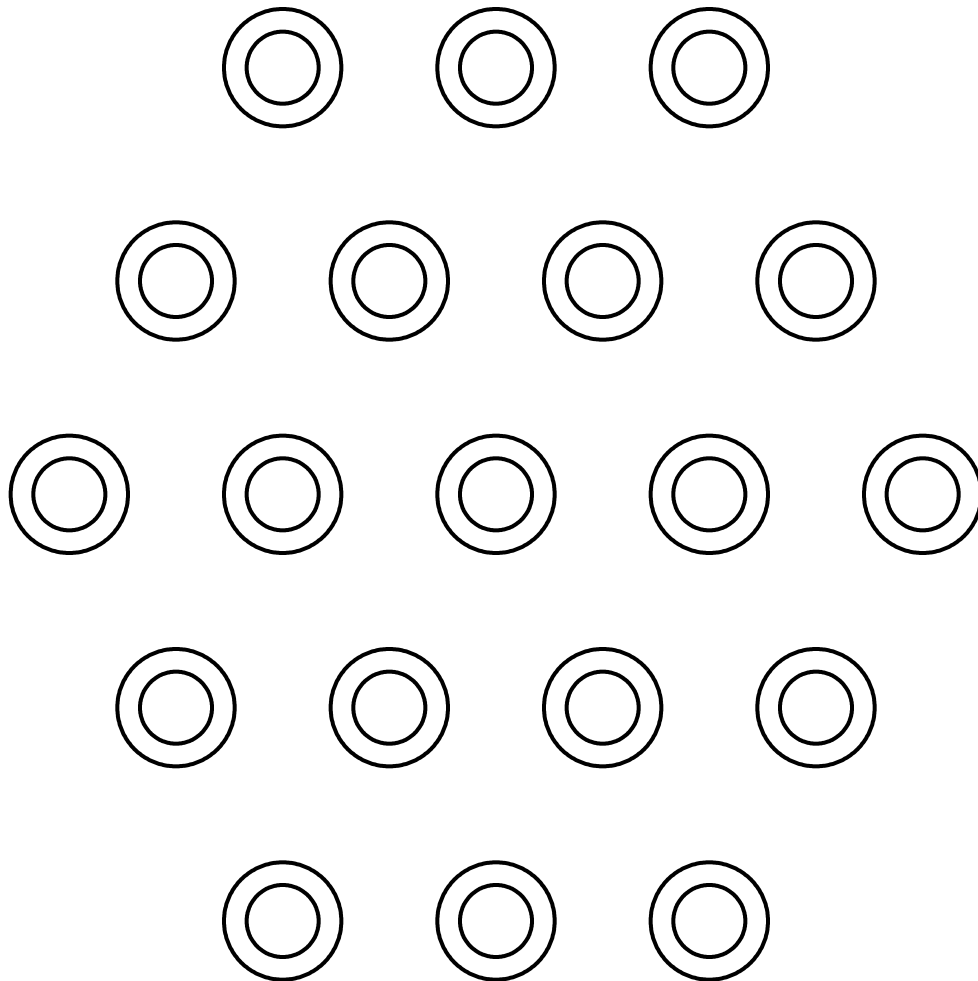

ELEGANT

EASY

Print at Actual size (100%)

Tracing page (ink-light). Cut the paper along the outer line, tape it on, then trace the double outline.

To transfer: tape the page on, poke along the lines with a pushpin or toothpick, remove it, connect the dots.

The knife goes in the band between the lines.

Grown-ups do the cutting.

Solid double line = cut through. Dashed double line = shave only.

2 inches. Measure this after printing; if it isn't 2", reprint at 100%.
