

Smiling Kitty Face

FOR GIRLS

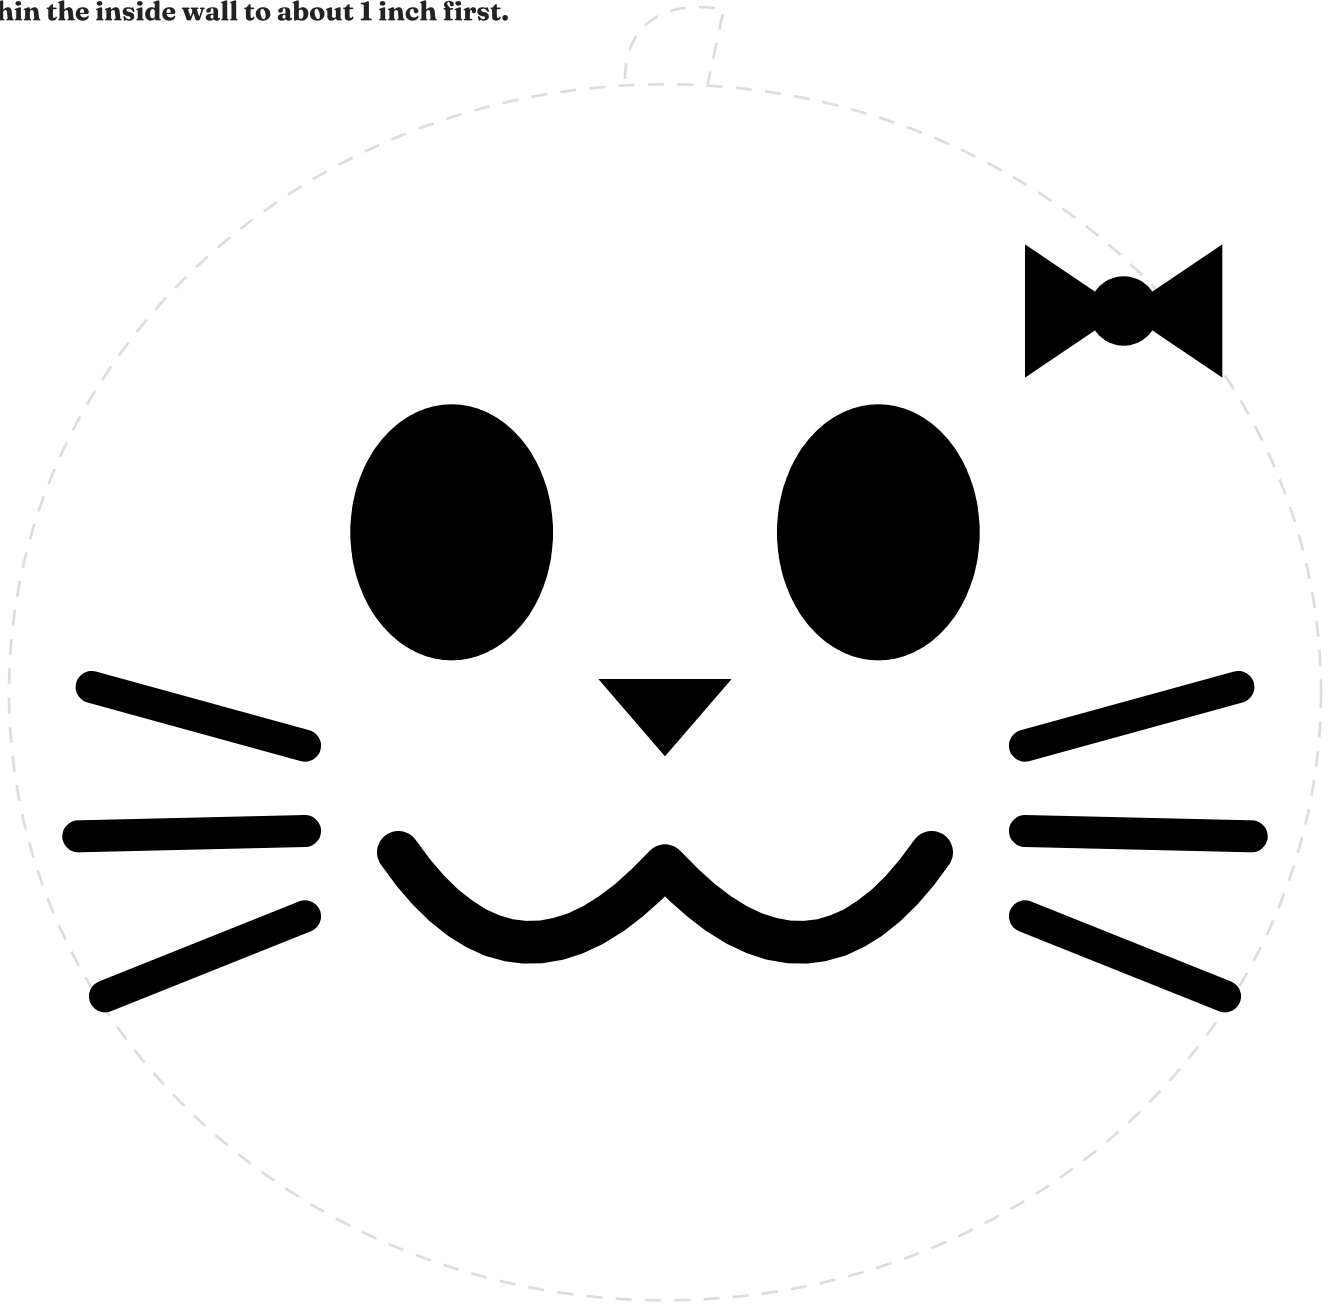

EASY

Print at Actual size (100%)

Cut the eyes, nose, smile, whiskers and bow. The rest of the face stays.

To transfer: tape the page on, poke along the lines with a pushpin or toothpick, remove it, connect the dots.

Thin the inside wall to about 1 inch first.

YOU'LL NEED

Small serrated or paring knife + pushpin

Paint it instead: Black eyes and smile with a pink bow on a white pumpkin

■ cut (glows bright) ■ shave (soft glow)

2 inches. Measure this after printing; if it isn't 2", reprint at 100%.

Tracing page (ink-light). Cut the paper along the outer line, tape it on, then trace the double outline.

To transfer: tape the page on, poke along the lines with a pushpin or toothpick, remove it, connect the dots.

The knife goes in the band between the lines.

Grown-ups do the cutting.

Solid double line = cut through. Dashed double line = shave only.

Before cutting, scrape the inside wall thin, to about 1 inch.
